

Thanks for Sharing

Patients have been referring their friends and family to us for a long time. It's about time we said, "thank you."

At **Lighthouse Dental**, we believe the best compliment we can receive is a patient referral. So when you refer someone to our practice, you will receive a \$25 gift card of your choice. In addition, the person you refer will receive 2 unlimited movie passes or car wash gift cards. It's our way of returning the favor.

We are grateful for your confidence in us and we will do our best to serve those you refer with the highest level of care possible.
